

TED Powell, Wycombe Wanderers' new manager who takes over next month, has signed two more players. Youngsters Glen Swaby and Gavin Fraser will both be coming to Loakes Park next season, while Graham Mackenzie has renewed his contract.

Powell's major capture so far is former Wanderers skipper Alan Phillips, who returns to the club after a season at Hendon. He has also signed Bobby Davis, full back, from Carnegie College.

Of last year's squad, John Delaney, Keith Mead, Dave Alexander, Geoff Anthony, Dylan Evans, Tony Horseman and Terry Reardon have yet to sign contracts but Powell hopes to complete his squad before the club leave for the Anglo-Italian matches in Italy on June 11.

Two players who have not been offered contracts are Ray Eaton and Bruce Macrae. Eaton has joined Leatherhead while Macrae was not considered strong enough for top class non-league football.

The latest signings have both done well at schoolboy level. Swaby, who is at London University, was in the England U.15 squad and had a spell at Tottenham as an amateur while Fraser is in his final year at Borough Road College. He has played for Sutton and Slough in recent years and represented the England Schools team. Both he and Swaby are likely to be used on the same basis as Mackenzie, as both players are away at college at the moment.

Powell is now waiting to finalise his squad for next season and is searching for three new

players to boost the playing strength.

Meanwhile Wanderers are still keeping in trim for their Anglo-Italian matches in a week's time. They are staging a friendly against Wimbledon behind closed doors which will give them an opportunity to bring Steve Perrin back into the side. Steve has one more year at Crystal Palace but is guesting on tour with the Blues.
